

Background

The use of technology is an essential part of all of our lives. At Brooklands Primary School, we take our responsibilities for supporting your child to develop skills in using technology very seriously, and their safety and wellbeing are our utmost priority to us.

We ask all children, young people and adults involved in the life of Brooklands Primary School to read and sign an Acceptable Use* Policy (AUP) to outline how we expect them to behave when they are online, and/or using school networks, connections, internet connectivity and devices, cloud platforms and social media (both when on school site and outside of school).

Your child has also signed an AUP which is available here- [KS1](#); [KS2](#).

* An AUP is as much about behaviours as 'use' of a particular device or technology

We tell your children that **they should not behave any differently when they are out of school or using their own device or on a home network**. What we tell pupils about behaviour and respect applies to all members of the school community, whether they are at home or school. We seek the support of parents and carers to reinforce this message and help children to behave in a safe way when online:

“Treat yourself and others with respect at all times; treat people in the same way when you are online or on a device as you would face to face.”

Where can I find out more?

You can read Brooklands Primary School's full Online Safety Policy [here](#) for more detail on our approach to online safety and links to other relevant policies (e.g. Safeguarding and Child Protection Policy, Behaviour Policy, etc). If you have any questions about this AUP or our approach to online safety, please speak to the leadership team.

What am I agreeing to?

1. I understand that Brooklands Primary School uses technology as part of the daily life of the school when it is appropriate to support teaching & learning and the smooth running of the school, and to help prepare the children and young people in our care for their future lives.
2. I understand that the school takes every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials, including through behaviour policies and agreements, physical and technical monitoring, education and support and web filtering.
3. School network protections will be superior to most home filtering. However, please note that accessing the internet always involves an element of risk and the school cannot be held responsible for the nature and content of materials accessed through the internet and mobile technologies. Schools are asked not to overblock or provide an experience which is so locked down as to block educational content or not train pupils for life in an online world.

SafeguardED

4. I understand that internet and device use in school, and use of school-owned devices, networks and cloud platforms out of school is subject to filtering and monitoring
5. I will support my child to follow the school's policy regarding bringing devices to school. If unsure about whether my child is able to bring a device to school, I will speak to a member of the leadership team before allowing my child to do so.
6. I understand that my child might be contacted online via Google Classroom and only about their learning. If they are contacted by someone else or staff ask them to use a different app to chat, my child will tell their class teacher at the first opportunity.
7. I will promote positive online safety and model safe, responsible and positive behaviours in my own use of technology, including on social media: not sharing other's images or details without permission and refraining from posting negative, threatening or violent comments about others, including the school staff, volunteers, governors, contractors, pupils or other parents/carers.
8. The impact of social media use is often felt strongly in schools, which is why we expect certain behaviours from pupils when using social media. I will support the school's social media policy and not encourage my child to join any platform where they are below the minimum age (for nearly every social media platform, this means under 13).
9. When I visit the school premises, I will keep any online technology in my pocket wherever possible. This includes mobile phone use at drop off and pick up.
10. I will **not** share images of other people's children on social media and understand that there may be cultural or legal reasons why this would be inappropriate or even dangerous (see nofilming.lgfl.net for more information). The school sometimes uses images/video of my child for internal purposes such as recording attainment, but it will only do so publicly if I have given my consent.
11. I will not covertly film or make recordings of any interactions with pupils or adults in schools. If I wish to make any recording, we request you to please speak to the Heads of School.
12. I understand that for my child to grow up safe online, s/he will need positive input from school and home, so I will talk to my child about online safety and refer to parentsafe.lgfl.net for advice and support on safe settings, parental controls, apps and games, talking to them about life online, screentime and relevant topics from bullying to accessing pornography, extremism and gangs, sharing inappropriate content etc.
13. I understand that my child needs a safe and appropriate place to do home learning, whether for homework or during times of school closure. When on any video calls with school, my child will be fully dressed and not in bed, and the camera angle will point away from beds/bedding/personal information etc. Where it is possible to blur or change the background, I will help my child to do so.
14. I understand that whilst home networks are much less secure than school ones, I can apply safety settings to my home internet and to various devices, operating systems, consoles, apps and games. There are also child-safe search engines e.g. swiggle.org.uk and YouTube Kids is an alternative to YouTube with age appropriate content. Find out more at parentsafe.lgfl.net
15. I understand that it can be hard to stop using technology sometimes, and I will talk about this to my child, and refer to the principles of the Digital 5 A Day: childrenscommissioner.gov.uk/our-work/digital/5-a-day/

Acceptable Use Policy (AUP) for PARENTS

SafeguardED

16. I understand and support the commitments made by my child in the Acceptable Use Policy (AUP) which s/he has signed, and which can be seen [here](#), and I understand that s/he will be subject to sanctions if s/he does not follow these rules.
17. I can find out more about online safety at Brooklands Primary School by reading the full Online Safety Policy [here](#) and can talk to my child's class teacher if I have any concerns about my child/ren's use of technology, or about that of others in the community, or if I have questions about online safety or technology use in school.
